

ATS Corporation Awarded \$260K Department of Veteran's Affairs Employee Education System Services Contract

MCLEAN, VA – (BUSINESSWIRE) – September 10, 2007, McLean, VA. ATS Corporation ("ATSC" or the "Company") (OTCBB: ATCT.OB), today announced that it has been awarded the Department of Veteran's Affairs Survey Evaluation Exam System ("SEES") Contract, valued at \$260,000. The Employee Education System ("EES") serves as the Veteran's Health Administration's education and training organization. With nine Employee Education Resource Centers placed throughout the country, their mission is to provide high quality educational services to employees that are customer-based, accessible, performance measured, and cost effective to the Veteran's Health Administration. The EES vision and commitment is to be the partner of choice for employee learning.

Under this contract, ATSC will complete development of a sophisticated and broadly-functioning survey, evaluation and exam system to replace multiple antiquated and embedded on-line systems for exams, survey and evaluation systems. Once complete, SEES will provide more flexibility in the evaluation process through an easy to use graphical user interface "GUI" forms creation tool, allowing for direct customization of survey and evaluation forms. Surveys can be received in a variety of different formats including through a web portal. SEES will utilize full Optical Character Recognition ("OCR")/Intelligent Character Recognition ("ICR").

ATSC Senior Vice President Shannon Brown commented, "This contract represents eBusiness support to a relatively new customer for ATS, and while we have built similar automated systems for other clients, we are excited about broadening our relationship with the Department of Veteran's Affairs."

About ATS Corporation

ATS Corporation operates through its subsidiaries, ATS, Reliable Integration Services, Potomac Management Group ("PMG"), and Appix, Inc. ("Appix").

ATS is a leading provider of systems integration and application development, IT infrastructure management and strategic IT consulting services to U.S. federal government agencies. Since its founding in 1978, ATS has been recognized for its custom software development and software integration capabilities and its deep domain expertise in federal government financial, human resource and data management systems. ATS has built and implemented over 100 mission-critical systems for clients.

ATSC leverages its IT services, management consulting, and software and systems development solutions expertise into financial institutions, insurance companies and government sponsored enterprises through a wholly owned subsidiary, Appix. Additional information about Appix may be found at www.appix.com.

In addition, ATSC's subsidiary PMG provides government and commercial clients with in-depth, proven expertise and assistance on global maritime operations, regulations, program management, and information technology support. Additional information about PMG can be found at www.potomacmgmt.com.

Any statements in this press release about future expectations, plans, and prospects for ATSC, including statements about the estimated value of the contract and work

to be performed, and other statements containing the words "estimates," "believes," "anticipates," "plans," "expects," "will," and similar expressions, constitute forward-looking statements within the meaning of The Private Securities Litigation Reform Act of 1995. Actual results may differ materially from those indicated by such forward-looking statements as a result of various important factors, including: our dependence on our contracts with federal government agencies for the majority of our revenue, our dependence on our GSA schedule contracts and our position as a prime contractor on government-wide acquisition contracts to grow our business, and other factors discussed in our latest annual report on Form 10-K filed with the Securities and Exchange Commission on March 26, 2007. In addition, the forward-looking statements included in this press release represent our views as of September 10, 2007. We anticipate that subsequent events and developments will cause our views to change. However, while we may elect to update these forward-looking statements at some point in the future, we specifically disclaim any obligation to do so. These forward-looking statements should not be relied upon as representing our views as of any date subsequent to September 10, 2007.
