ATS Corporation (“ATSC”) (OTCBB:ATCT.OB), a leading information technology company that delivers innovative technology solutions to federal, state, and local government organizations, today announced that it has completed the previously announced acquisition of Number Six Software, Inc. (“Number Six”), a provider of application development and information technology consulting to both government and commercial customers. This acquisition supports ATSC’s strategic growth plan to broaden its information technology services expertise and add new customers in each of ATSC’s target sectors.

ATSC Chairman, President and Chief Executive Officer, Dr. Edward Bersoff, stated, “We are pleased to complete the acquisition of Number Six. This transaction adds scale and customers in both government and commercial markets.
